This Chemistry 101 class is a hybrid class, meaning that some of the course is online and some of the course is on campus: the lectures are online at Thinkwell

([www.thinkwell.com/student/product/chemistry](http://www.thinkwell.com/student/product/chemistry)). You can view a demo lecture at the website to see if you are comfortable with the delivery of the lecture material.

Access to the site will be priced at \$40 for students. Dr. Ogar, the professor for this course, can be reached via email at [ogargw@piercecollege.edu](mailto:ogargw@piercecollege.edu).

The discussions/testing and laboratories are on campus. Discussions meet Tuesday/Thursday mornings (9:35-11:40 a.m. in CFS 91125).
