

**DAN COVEY MEMORIAL RETURNING STUDENT AWARD
CRITERIA FOR SELECTION**

Minimum Qualifications

1.

W. Dan Covey Memorial Returning Student Scholarship Application

Dr. Dan Covey taught in the Chemistry Department at Pierce College from 1980 to 1995. He passed away shortly afterwards, but in his memory his family, friends and colleagues established an endowed fund to support this award. Dr. Dan, as many of his students affectionately called him, had a passionate enthusiasm for teaching chemistry. He recognized and appreciated the hardships that returning students faced upon reentering the college environment, and particularly in succeeding in chemistry. This award serves to recognize and support one such student who had the stamina to overcome these hardships and is now moving on from Pierce College to their next educational challenge.
